ATMOS Roadster - Quality To Go

Portable. Comfortable. Stylish.

The **ATMOS Roadster** features true, cutting edge VideoStroboscopy and NPE (Nasopharyngeal Endoscopy) technology in a compact, portable case design that satisfies the need to give your patients outstanding care.

It's quality you can take on the road. Providing comfort, ease, and enhanced performance during voice, speech, and swallowing analysis; the **ATMOS Roadster** does it all.

Our System features noiseless Video-Stroboscopy as well as Nasopharyngeal Endoscopy-procedures including FEES. It's ideal for independent Speech Language Pathologists, hospitals, ENT offices, and nursing homes.

Video recording, exam archiving are effortlessly created in **ATMOS MedDoc** software that creates automated reports in Microsoft® Word.

Feel Free To Move

The Road Ahead is Always the Most Inviting

Whether traveling to a patient's bedside, nursing home, another office or distant locations, the lightweight **ATMOS Roadster** will get you to your destination with ease.

The **ATMOS Roadster** is our Vision of the Ideal Business Opportunity

In fact, the **ATMOS Roadster** offers a unique opportunity to build your business.

You can present new services to your patients or physician accounts because real portability offers more flexibility. And you can provide necessary procedures more frequently because now you're able to avoid costly and inconvenient transports of your patients to the facilities where the equipment is located.

Through minimal investment, you can grow your business and develop new revenue streams while providing superior service.

The **ATMOS Roadster** is the ideal system for independent Speech and Language Pathologists, hospitals, clinics, ENT satellite offices, mobile diagnostic services and nursing homes.

ATMOS Roadster—

Quality to go

Portability. Opportunity. Value.

ATMOS Financial Services - Leasing

ATMOS customized programs ensure that healthcare professionals and medical facilities can weather any cash crunch.

When you lease equipment, you know the amount and number of lease payments there will be over the life of the lease. Fixed payments enable you to accurately predict the impact on cash flow.

Let our leasing experts advise you personally. We offer a variety of leasing products that can be tailored to your individual needs.

Key Benefits:

- ▶ Quick return on investment
- ▶ Improved Cash Flow
- ▶ No Down Payment Required
- ▶ Avoids Obsolescence
- ▶ Possible Tax Benefits
- ▶ Customized Programs
